

Thanks to all our staff

Christchurch Care extends thanks to our staff and community health professionals for their support in keeping our lovely clients safe and entirely Covid-free

We welcomed Naomi Gardiner as our Registered Manager this February. Her first challenge was to protect our clients and staff from Covid. Naomi set up a welfare team to carry out regular observations and support the clients in using technology to remain in contact with their families.

The management team carried out client shopping marathons twice a week so that our clients could self-isolate. The local supermarkets supplied free plants for our clients to nurture. Our staff were rewarded with a socially distanced afternoon tea and “bubbles” at our Director’s house.

The Non-Injury Falls Team was created in response to Covid. We aim to reduce ambulance call-outs and hospital admissions. Our portable moving and handling equipment can be used at the client’s house in an emergency. The Falls Team have training in assessing client injuries and taking vital observations.

We are currently seeking new team members to join us in providing outstanding care to our clients. No experience is required as we will provide you with comprehensive training and a structured career path. In addition, a member of our team will be there to provide support and guidance at all times. If you are enthusiastic and willing to learn, get in touch to find out more about working with the Christchurch Care team. Why not call us today for a friendly initial chat about the opportunities available?

Domiciliary Carers Wanted

No experience necessary as there is a full induction and one to one support system in place.
PASSION REQUIRED, we’ll do the rest!

Benefits of joining the Christchurch Care team:

- ◆ Weekly pay with enhanced rate for weekends ◆ Shift payments with double pay on Bank Holidays
 - ◆ Morning shift starts at 07:00, evening calls end at 21:15
